Part 0

0.0 Introduction

Iranian Co. developed this Capability List in order to show components which are approved to perform defined level of maintenance (Tested/Inspected, Modified, Repaired).

Component Capability List shall be updated by Engineering and Planning Department prior to quality manager's approval.

Component Capability List contains the following information:

1. Rating
2. Description of Part
3. Eligibility
4. Part No.
5. Level of Maintenance
